

**Our expectations from Students
regarding the „Basic surgical techniques” compulsory subject**

- Students, who are not registered in the Neptun system in the given course, are forbidden to attend the classes
- The participation in the practices is only allowed with the same group.
- The practices must be fulfilled with the group as it was assigned at the subject admission. To change group, it is only allowed in a certain very justifiable reason.
- As an expectation, students should read the Bulletin of the University and the topics of the subject.
- We expect from the students to attend the lectures. (*Rules and Regulations 14.§ (1)*)
- Attendance on the 1st, 2nd, 3rd, 4th and 5th week lectures is highly recommended, based on the importance of the topics.
- It is mandatory to attend the seminars/practices. If the number of absences is more than two, the semester will not be accepted. (*Rules and Regulations.Appendix 4, Faculty of Medicine 8. § (1)*)
- Make-up classes are only allowed in the same week with a different group; however in advance it has to be consulted with the academic advisor of the department. (*Rules and Regulations.Appendix 4, Faculty of Medicine 8. § (1)*)
- The 1st, 2nd, 3rd, 4th and 5th week practices are mandatory. If a student misses the class, she/he has to make it up. (*Rules and Regulations.Appendix 4, Faculty of Medicine 8. § (1)*)
- It is strictly forbidden to make any photo, audio and video recordings during the lectures and seminar/practices.
- The students are kindly asked to avoid using their mobile phones during the lectures and seminars/practices (sms, internet).
- The students should punctually attend the practices (being late 10-15 minutes from the practices can significantly drawback the effective implementation of the class, in case of operative room practice it even can make it impossible).
- For the appropriate leaning of surgical scrubbing and the operative etiquette, student should prepare themselves with proper hand hygiene: clean fingernails, they should not be longer than the tip of the fingers, nail polish and artificial nails are forbidden to wear during the practices. (*Quality management system of the Dept., MU 003.KL Operative hand disinfection, surgical scrubbing, point 5*)
- We provide operative clothing and slippers for the practices in the operative theater, where wearing white socks are obligatory. In case of long hair, a hair band has to be used.
- During the first practice, students with their signature certify that they were informed about the safety and health regulation of the University, and they comply with it.
- It is forbidden to bring any food or drink in the seminar/practical rooms.
- Due to the lack of space, we would kindly ask you to hang your bags and coats in the cabinet on the corridor of Building B or in the cupboards of the seminar room in Building A.
- We expect students to dress accordingly for oral exam.

I kindly ask from the student to comply with the points above.

Debrecen, September 1, 2026.

Sincerely:

Prof. Norbert Németh, MD, PhD, DSc
head of Department
